## COMPUTER ENGINEERING DEPARTMENT

### Report on Industrial Visit “Kanchanjunga Power Company Private Limited”

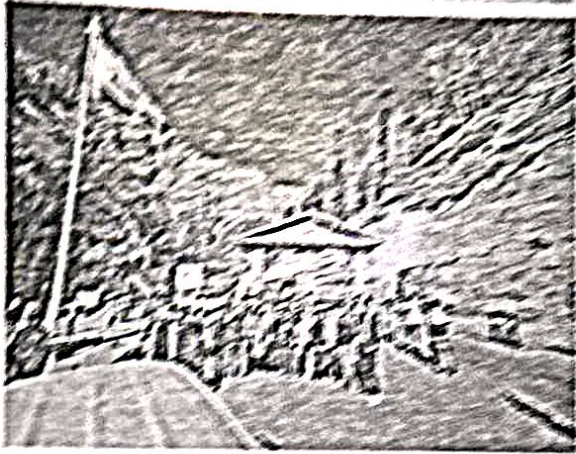

The industrial visit to Kanchanjunga Power Company Private Limited, Manali was an enriching learning experience for the students. The visit provided practical exposure to industrial working environments and power generation processes. Students gained knowledge about the functioning of turbines, control systems, and safety measures followed in the power plant. Industry experts explained the importance of renewable energy and efficient power management. The visit helped students understand real-world applications of engineering concepts and enhanced their technical awareness. Overall, the industrial visit successfully bridged the gap between theoretical knowledge and industrial practices.

### Historical Place “Golden Temple”

Visiting the Golden Temple at night was a breathtaking experience. The illuminated temple reflected beautifully in the Sarovar, creating a mesmerizing sight. The peaceful atmosphere, combined with the soothing Gurbani, filled us with serenity. Walking through the temple complex under the night sky felt truly divine. Watching the Langar service continue selflessly even at late hours was inspiring. The visit left us with a deep sense of spirituality and peace.

### Hill Station “Manali”

Manali, surrounded by lush green valleys and snow-clad peaks, was a picturesque getaway. Students explored attractions like Solang Valley, Rohtang Pass, and Hadimba Temple. The adventure activities like paragliding and trekking added excitement to the trip. The serene beauty and cool climate provided a refreshing break from routine. Local markets showcased traditional Himachali crafts and cuisine. The trip offered a perfect mix of nature, culture, and adventure, leaving everyone rejuvenated.
