

Report on AR and VR Expert Lecture

Title: Report on AR and VR Expert Lecture

Date: 11th September 2025

Time: 9.15 am to 10.15 am

Venue: Seminar Hall(211)

Participants: **Third Year Students (CO) from SIOT.**

An expert lecture on Augmented Reality (AR) and Virtual Reality (VR) was organized for the third-year Computer Engineering students of SIOT on 11th September 2025 from 9:15 am to 10:15 am in Seminar Hall (211). The event began with a formal welcome of the guest speaker, Mr. Rahul Gupta, followed by a brief introduction to the objectives of the session.

Mr. Rahul Gupta started the session by explaining the fundamentals of AR and VR, highlighting how these technologies differ and complement each other. He emphasized the role of AR in enhancing the real-world environment through digital overlays and the immersive experience provided by VR in simulated environments. The lecture also showcased the practical applications of AR and VR in education, gaming, healthcare, architecture, and industrial training, emphasizing their growing significance in the modern technological era.

To make the session engaging and interactive, Mr. Rahul Gupta included live demonstrations and real-world case studies, which helped students visualize the concepts better. He also discussed the latest industry trends, research opportunities, and career prospects in the AR and VR domains. Students enthusiastically participated in the discussions, asking insightful questions and exploring ideas for potential projects and innovations.

The session concluded with a Q&A round, where students clarified their doubts and received valuable guidance on how to begin their journey in AR and VR technologies. Overall, the expert lecture by Mr. Rahul Gupta proved to be informative, inspiring, and highly beneficial, motivating students to delve deeper into the world of AR and VR and explore its vast potential.
